Hi Ellen,

Mr. Takei of Metroplex Inc. and Empirica Advisors called today to inquire about the assessment amount for 2017. It appears his assessment more than doubled since last year. His assessment amount for each business this year is \$354 (the invoices are attached). We've checked the prior two years and found that the assessment amount for each business was \$89.

Please advise whether the \$354 assessment for each business is accurate, or whether a correction is needed.

Thank you.

Rita
